PUBLIC WORKS DEPARTMENT

1

CHRISTMAS TREE COLLECTION

Beginning December 26, the Street Department collects Christmas Trees. Residents who have chose to use a live-cut tree to celebrate the Holidays, and would like to have their discarded tree properly disposed of can do so by placing the tree at the property line, either at the curb or on the alley, and employees will pick them. To ensure that your tree is collected a call should be placed to the Street Department at 724-838-4344.

The collected trees are taken to the DPW facility, on Urania Avenue, and then are passed through a Brush Chipper. The wood chips are then disposed of at a composting landfill.
